Mentor Program

Mentors are the lifeblood of the New Hope program.

Each mom is assigned a mentor when she enters the program. The option of adoption is discussed up front.

- New Hope provides mentors with the resources they need to help the moms and their babies, born and unborn, for three years.
- The mentor works closely with the mom to ensure that she and her baby are making progress and adhering to the guidelines of the New Hope program.
- Mentors establish working relationships with the moms via visits and phone calls.
- Many of the moms come from the underserved community and some have never experienced unconditional love. New Hope is here to supply that!

that may be causing stress or anxiety in the mother's life. Everything is provided for the baby: a crib, clothes, blankets, diapers, etc...
